Charlotte Products Ltd. verifies that **ServClean Sanitize RTU** is safe for use in food production facilities provided that:

1. The product is exclusively used according to label instructions and use directives.
2. The product is stored in correctly labelled containers separate from all food processing, storage, distribution and handling areas, so that no possibility exists for cross-contamination of food, food contact surfaces or packaging materials.
3. The product is dispensed by trained, authorized personnel.

Our firm will provide all supporting documents to demonstrate that the packaging material meets regulatory requirements if requested by the Canadian Food Inspection Agency. If you have any questions, please do not hesitate to contact us at (705) 740-2880 or [orders@charlotteproducts.com](mailto:orders@charlotteproducts.com).
