

BIO-ACTIVE AIR FRESHENER

- A highly effective product to be used throughout the facility for the control of a variety of malodors, leaving a fresh, clean fragrance

ES120

	ES120
APPEARANCE	Lime colored liquid
ODOR	Floral
SOLUBILITY	Dispersible
RELATIVE DENSITY	N/A
pH-VALUE	8.0-9.0
VISCOSITY	Liquid
SHELF LIFE	1 Year from date of manufacture

SIZES	
ES120	946 mL (1 U.S. quart)

APPLICATIONS

- Auto Interiors
- Carpet & Upholstery
- Fabric Care
- Garages & Basements
- Garbage Cans
- General Purpose
- Laundry Area
- Pet Bedding & Cages

DIRECTIONS

RTU: Use with bottle and spray directly in the air or on the surface. Can also be used for wiping and mopping to eliminate and control malodors

BENEFITS

- An innovative formulation that binds to odor causing molecules neutralizing the odor very rapidly (within seconds of application); then the microorganisms go to work and eliminate the cause of the odor
- Does not mask malodors with fragrance
- Has a non re-soiling surfactant so it can be used on both hard and soft surfaces
- Designed as an effective general purpose odor control product for all areas in the building for hospitality, transportation, sports and healthcare markets
- Displaces unknown, potentially “pathogenic” (disease causing) bacteria with known, healthy microorganisms and in this way contributes to better human health
- WHMIS/OSHA exempt

STORAGE & TRANSPORTATION

- Store in a cool, well ventilated area
- Do not freeze; or expose for a long period of time to direct sunlight or strong incandescent lights
- Colors may change slightly overtime due to the food, drug and cosmetic dyes that are used in this product

DISPOSAL

Dispose of used/unwanted product according to state and local regulations. Offer container for recycling.

PERSONAL PROTECTION

Please refer to product label and SDS
