SIZES	
ES30-4	3.78 L (1.0 U.S. gallon)

BENEFITS

- Deep cleans and prepares prior to recoating
- Removes embedded dirt, black marks and other soils
- Leaves floor uniformly dull & ready for application of Enviro-Solutions® Wood Finish (ES32)

DESCRIPTION

- Leaves wood clean and uniformly dull – ready to re-coat
- Dissolves rubber marks, mop treatments and removes embedded soil and spills
- Use on all sealed wood floors as part of your Enviro-Solutions® wood floor care program

DIRECTIONS & DILUTIONS

Deep cleaning prior to recoating

1. Dust mop floor and remove all gum, tape and labels
2. Apply Enviro-Solutions® ES30 Prep diluted at 1:128 (30 mL (1 oz.) per 3.78 L) to deep clean and remove embedded dirt, black marks and other soils
3. Simple damp mop rinse; allow to dry
