RELATIVE DENSITY	1.025
pH-VALUE	9.5 - 10.5
VISCOSITY	Waterthin
SHELF LIFE	3 Years

SIZES	
ES31-4	3.78 L (1.0 U.S. gallon)

BENEFITS

- Mild pH cleaner for medium to heavily soiled floors
- Low-foaming, free-rinsing will not dull your wood floor, even when used with an automatic scrubber
- Quickly emulsifies ice melter residue & other soils that give your wood floor a dull appearance

DESCRIPTION

- Removes surface grit and soils extending the life of your wood floor care program
- Specially formulated to deep clean water-based wood floor coatings
- Use on sealed wood floors as part of your Enviro-Solutions® wood floor care program

DIRECTIONS

1. Dust mop floor to remove dirt and soil
2. Clean with Enviro-Solutions® ES31 Clean diluted at variable 1:128 – 1:20 depending on level of soil using auto scrubber and red pads
3. Allow to dry
4. Let floor dry completely but do not rinse
5. If increased traction is required clean with Enviro-Solutions® ES95+ Traction/Restoration using auto scrubber or damp mop
6. To restore gloss or repair scuffs, buff or burnish with the appropriate pad and machine
7. For ultimate high gloss appearance burnishing with hair pads using Enviro-Solutions® ES94+ is recommended

PERSONAL PROTECTION

Please refer to product label and SDS
